

The Mountain Goats

hopeless - 17.7.2006 um 21:23

solang es keinen stört, hau ich euch mal noch nen songtext vor die füße.

the mountain goats - up the wolves

there's bound to be a ghost
at the back of your closet
no matter where you live
there'll always be a few things
maybe several things
that your gonna find really difficult to forgive

there's gonna come a day
when you feel better
you'll rise up free and easy on that day
float from branch to branch
lighter than the air
just when that day is coming
who can say
who can say

our mother has been absent
ever since we founded Rome
but there's gonna be a party
when the wolf comes home

we're gonna comandeer
the local airwaves
to tell the neighbors what's been going on
and they will shake their heads
and wag their boney fingers
in all the wrong directions
and by daybreak we'll be gone

i'm gonna get myself in fighting trim
scope out every angle
of unfair advantage
i'm gonna bribe the officals
i'm gonna kill all the judges
it's gonna take you people years
to recover from all of the damage

our mother has been absent
ever since we founded Rome
but there's gonna be a party
when the wolf comes home
